

MEET THE AGRI'S GOT TALENT TOP 10 FOR 2026

TEN TALENTED AGRICULTURAL PROFESSIONALS. ONE UNFORGETTABLE JOURNEY.

Agri's Got Talent is proud to announce the **Top 10 finalists for 2026** – a group of talented individuals who have earned their place in this year's competition and are now preparing to take the stage at the Grand Finale.

Congratulations to all our finalists! We are excited to follow their journey and see their talent, personalities and passion shine. We would also like to extend a special thank you to the finalists' employers for supporting them throughout this exciting experience.

MORE THAN JUST A TALENT COMPETITION

The Top 10 will arrive in Paarl on 11 October 2026 for an intensive week of training, development and preparation as they get ready for the Grand Finale.

The week will include professional voice and stage coaching, to help each finalist refine their performance and build confidence on stage. But the experience goes far beyond performance.

As part of the programme, the finalists will also participate in a comprehensive personal development course facilitated by a social worker from PROCARE.

The programme will focus on practical life skills, including:

- Financial literacy
- Communication skills
- Conflict resolution
- Building self-confidence

The aim is to ensure that the finalists leave the programme not only as stronger performers, but as more confident, capable and empowered individuals who can make a positive difference in their workplaces and communities.

According to Thea van Zyl, Agri's Got Talent Project Manager, the competition is designed to create an impact that extends far beyond the stage.

"Agri's Got Talent is about so much more than music. While we want to give our finalists the opportunity to showcase their talent, we also want to equip them with the skills, confidence and resilience to thrive both on and off the stage. Our hope is that they return to their workplaces and communities not only as better performers, but as confident role models who are ready to inspire and make a positive difference," says van Zyl.
